

GENERAL CONDITIONS OF PURCHASE („GCP“)

(Version: 2022-09-01)

GENERAL

The equipment, materials, or supplies (“Goods”) and/or services (“Services”) furnished by Supplier (together, the “Goods and Services”) and covered by the purchase order (“PO”) placed by Salinen Austria Aktiengesellschaft, FN 112541b, 4802 Ebensee am Traunsee, Steinkogelstraße 30 („SAAG“ or “Purchaser”) and/or other agreement (which, when combined with these Terms and Conditions and any other documents incorporated by reference, will constitute the “Agreement”) are governed by the terms and conditions set forth herein (the “GCP”).

As used herein, the term “Supplier” includes Supplier and its sub-suppliers at any tier. Purchaser and Supplier individually will be referred to as “Party” and collectively as “Parties”. The terms used in the singular also apply to the respective plural. For easier readability, the masculine form of personal nouns has been chosen. However, women and men are addressed equally by the texts.

INQUIRY, OFFER AND ACCEPTANCE

Inquires shall always be without commitment, unless explicitly stated to the contrary in writing. Supplier shall diligently check all data contained in the inquiry or in the PO, including but not limited to the technical requirements and conditions, other descriptions, specifications and data with respect to the technical feasibility and fitness for the intended purpose, and shall inform Purchaser without delay of any circumstances which could frustrate, aggravate or delay the execution of the PO and/or the intended use of the supplied goods and/or services. This shall also apply to any subsequent modification or amendment of any Agreement. Supplier shall be bound to his offer at least 14 days upon receipt thereof. Any costs incurred in connection with the preparation and submittal of the offer (including cost estimates) shall always be borne by Supplier.

These GCP shall constitute the final, complete and exclusive state of the agreement between the Parties and no other terms or conditions will be binding upon the Parties unless accepted by them in writing. Written acceptance or shipment of all or any portion of the Goods, or the performance of all or any portion of the Services, covered by the Agreement, will constitute Supplier’s unqualified acceptance of all of the Agreement’s terms and conditions. The terms of any proposal referred to in the Agreement are included and made a part of the Agreement only to the extent the proposal specifies the Goods and/or Services ordered, the price therefore, and the delivery thereof, and then only to the extent that such terms are consistent with the terms and conditions of the Agreement and these GCP. If a master agreement exists between the Parties to govern the supply of Goods and Services identified in the PO, the terms and conditions of the master agreement shall apply to such Goods and Services. If the PO is construed as an acceptance of an offer by Supplier, this acceptance is expressly conditioned on Supplier’s assent to any additional or different terms contained herein. If the PO is construed as a confirmation of an existing contract, the parties agree that these terms and conditions constitute the final, complete and exclusive terms and conditions of the contract between the parties.

Purchaser may issue Change Orders (i.e. alter, amend, omit, add to or otherwise change the PO or any parts thereof) to Supplier, and Supplier shall carry out such Change Orders. If any Change Order cause an increase or decrease of costs, or the time required for the performance of, any Services or Goods, an equitable adjustment shall be made in the purchase price and/or delivery schedule in writing. Any Supplier claim for adjustment under this clause will be deemed waived unless asserted within seven (7) calendar days from Supplier’s receipt of the Change Order. Change Orders requested by Supplier only become effective after written confirmation by Purchaser.

GOODS AND SERVICES

Unless more specified in the PO, Supplier shall deliver the Goods and Services at the locations and by the delivery dates set forth in the PO. Supplier shall use qualified personnel and equipment and facilities that meet the highest industry standards as customary in the respective industry. Supplier shall comply with all relevant legislation, regulations, labor laws, immigration laws, import-export regulations and

Supplier shall maintain records and provide regular reports pursuant to Purchaser’s instructions on the delivery of the Goods and Services, their conformity with the service levels and specifications identified to Supplier. Supplier shall supply in printed form all relevant product safety and health information that pertains to all Goods ordered hereunder. Supplier must ensure that Goods comply with certification standards.

If statutory provisions for the protection of consumers, employees or the environment provide for the marking, the preparation and issuance of declarations of conformity, of declarations of compliance, of operating and mounting instructions, et cetera, Supplier shall prepare and issue the said accordingly.

Supplier shall keep available spare parts for a period of at least 10 years after the delivery. The spare parts shall be supplied at serial price.

The packaging shall be in accordance with environmental and transport requirements; the packaging and filling material has to be homogeneous and recyclable.

Supplier shall provide Purchaser with a detailed dispatch note separately on the day of shipment. The consignment shall be accompanied by a delivery note containing all order data as well as data on gross and net weight. The Goods will be stored at Supplier’s cost and risk case that shipping documents are missing. Taking over the Goods at the place of delivery shall not be deemed an acceptance thereof. Unless otherwise agreed, the proper disposal of packing materials is the responsibility of Supplier.

In case of deliveries originating in a country outside of the EU, the shipping bill shall be provided free of charge with a customs invoice (in duplicate) as well as a certificate of origin (declaration of origin, movement certificate, et cetera) for favored import customs clearance. Supplier shall also issue a “Supplier’s Declarations” for products in accordance with the relevant Council Regulations (EC). In case of use of long-term supplier declarations, Supplier shall notify Purchaser unsolicited in case of any changes of the originating status.

Supplier shall issue storage and standards for the operation of the Goods together with the shipment, otherwise, Supplier shall indemnify Purchaser from any damage incurred due to the lack of knowledge of said documents.

In case that the purchased Goods are intended for further processing, incorporation in or mixing with other goods, and such intended use is prevented by unforeseeable circumstances, Purchaser shall have the right to cancel any Agreement in whole or in part for convenience. Purchaser will notify Supplier of such circumstance without undue delay. Supplier shall refund any payments received for the Goods (exclusive of transportation costs) against re-shipment of the Goods. No further compensation will be due to Supplier.

Upon arrival of the Goods, Purchaser shall carry out an inspection only in order to evaluate the identity, quantity and obvious damages in transit. Purchaser shall not be required to carry out any further inspection until the Goods are ready for processing, incorporation in or mixing with other goods as intended. In any case, Purchaser will examine the Goods only and to the extent that this is, within Purchaser’s reasonable judgement, practicable.

DELIVERY TIME

Time is of the essence. Dates of delivery must be strictly observed. It is in Purchaser’s sole discretion to accept deliveries prior to the delivery date specified in the purchase order or not. In case of late performance by Supplier of any of its obligations under the respective Agreement (excluding delays solely attributable to Purchaser and Force Majeure as defined herein), Supplier shall pay to Purchaser a contractual penalty (the “Penalty”) amounting to one per cent (1%) of
