PHARMASAL

Pharmaceutical Salt in API-Quality

The top product for pharmaceutical products

Compliance with the requirements in accordance to Pharmacopoeia is confirmed by a Certificate of Analysis (CoA) for each production batch.

PHARMASAL

- ◆ complies with Ph. EUR, BP, US, JP, RU
- ◆ API-quality
- ◆ GMP-certified
- ◆ CEP-certified
- ◆ complies with ICH-Q7
- ◆ free from bacterial endotoxins (pyrogen free)
- ◆ inter alia registered in Japan, Russia, Taiwan, Ukraine and in all CIS countries

Typical applications of PHARMASAL are enteral and parenteral dosage forms, peritoneal dialysis solutions, penicillin production, fractionation of blood plasma or as active pharmaceutical ingredient for various medical products. Furthermore PHARMASAL is also particularly suitable for cosmetics, skincare and wellness products, for inhalation in salt rooms and a variety of industrial applications requiring the highest purity.

PHARMASAL pharmaceutical salt is exclusively made of pure dried vacuum salt from the mountains of Salzkammergut - Bad Ischl, Altaussee and Hallstatt, a UNESCO World Heritage Region - produced in an environmental friendly and sustainable way. The production is fully automated in one of the most modern production facilities in Europe.
